**Number of Training:** 24 Batch

**Place:** Different High School at different Upazila

**Participants:** Student Forum members

**No. of Participants:** Female: 216, Male: 146 Total:362 (Marginal: Female-46, Male-31= total-77)

**Introduction:** In collaboration with BMZ and Netz Bangladesh, funded ,implementation by the Pollisree Prospect Project, Considering Covid 19 as a new reality awareness buildup about Covid 19 a total of 24 batches of Covid-19 related slander and inequality training was implemented in each union comprising 96 civil society organizations from 24 unions. Through this training, awareness about Covid-19 has been increased and the society has been able to link it with the real facts about the slander and discrimination against the virus. In the establishment of rights, human rights and human dignity, the individual, society and the state can learn about the tasks and become enterprising.

Capacity building training of village and union level HRDs on 'living with pandemic with a particular focus on COVID - 19'.

**Training Objectives:**

- To make the primary idea about Covid 19 and to know the effects of social, economic, political & Health related .
- To prevent Covid-19 , the duties and responsibilities of the state to citizens and their necessities .
- The duties of HRD to establish human dignity.

**Key points of training:** What is Covid 19? Symptoms of Covid 19, how it spreads, what to do if symptoms occur and what to do to protect from Covid 19. What rights are needed and why? The role of individuals and society in establishing human rights and human dignity. Impact on individual, family, social and state life due to Covid 19 (rumors, bigotry, slander, deprivation and discrimination). .

Explain the purpose of training

There are 4 civil society organizations in each union. With 15 members from those 4 civil society organizations, 24 batches of Covid-19 based on each union were trained on slander and discrimination and prevention. Members of village civil society organizations and union civil society organizations participated in the training .The 1-day training provides basic ideas about Covid-19 and the problems caused by the Covid-19 virus in the family, society and the state, with real inconsistencies in front of everyone. Only slander and discrimination. There is no limit to the extent to which these slanders and inequalities have an impact on the family, society and the state, and the human rights, human rights and human dignity are being violated in the light of the real context. And because of this virus, the role of human rights, human rights and protection of social dignity is brought to the notice of all present. The training was concluded by listening to the responsibilities of the participants from their respective places.

At the beginning of the meeting, the purpose of the meeting was explained to everyone. It is argued that the Covid 19 is currently the most talked about topic in the world. The virus has caused panic among people around the world. Through these sessions we will be able to know what are the losses we are facing due to the effects of Covid 19. We will know how Covid 19 spreads, what are its symptoms, what will happen to us if symptoms occur and we will all be aware of Covid 19 and work against Covid 19.

Corona virus is a contagious virus that has never spread to humans before. The Corona epidemic began around the world in December 2019 in Wuhan, China. Scientists say the virus is taking on new forms and increasing numbers within the human body. Which has made it even more dangerous. The World Health Organization officially named Covid 19.

If a person is infected with the virus, it takes an average of 56 days for the symptoms to manifest. However, it can take up to 14 days. Scientists say that in many cases asymptomatic infections have occurred and that they are the silent spreaders of the corona virus.

A virus called Covid 19 but it has had many negative effects all over the world which not only took the life of a human being but also violated the rights of a human being. People have been deprived of their rights socially, politically, physically and mentally, economically. Through these sessions we will be able to know what are the losses we are facing due to the effects of Covid 19. Through this session, I will be able to know the misconceptions, slanders, deprivations, discrimination and lack of dignity among the people due to the effect of Covid 19 and how I can overcome these effects.

The training is aimed at overcoming the global corona epidemic by considering the Covid 19 as a new reality.

**Acquisition:**

- HRDs will must use mask when they go outside.
- HRDs will maintain the rules and regulations regarding Covid 19 and encourage others to do so.
- They will communication with local government & government for relief & SSNP.
- They will helps the families who are effected by Covid-19.

**Recommendation:** 1. If the training was two days instead of one day, the training would be more lively among the participants more detailed ideas could be provided.
